

Viking Curriculum for Excellence

Valley Central strives to engage all parents and all community members. Through full partnership, we can increase the achievement and success of every child.

What are your dreams for your child(ren)?

What are your dreams for our community?

Let's talk about what we are doing well, and what we can do better, to ensure successful children and a successful community.

Viking Curriculum for Excellence

What ?

- **VC for Excellence is an additional forum for communicating with our parents and community.**
- **This forum will provide the community with information on new standards and mandates that the District must address.**
- **We will share with the community the numerous initiatives we are working on to meet the needs of our students in an ever-changing environment.**
- **This forum will allow for questions and suggestions in regard to instruction and family/community engagement.**

Why ?

- **The research is clear, consistent and convincing. Parent, family and community involvement in education correlates with higher academic performance and school improvement.**
- **Research Based Frameworks for Involvement stress the need for more communication.**
- **This forum will allow us to hear from all stakeholders in a neutral environment.**
