

Welcome Back!
Mrs. Chadwick -Math
Room 228

**Pick up handout from cart in front of the
room!**

*I hope everyone had a fun
and relaxing summer!*

Welcome Back!
Mrs. Chadwick (Rm 228)
and Mrs. Grippo (Rm 103)

Math

**Pick up handout from cart in
front of the room!**

*We hope everyone had a fun
and relaxing summer!*

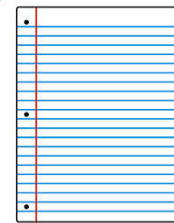

Make sure to have your supplies!

-BINDER* with paper!

-Pencils

-Calculator

-Chromebook

*You will get note handouts for many lessons and HW is usually a handout.

*Clean out after each unit is complete. Don't throw the material away!

How will you be graded?

- **Do Nows (5%)** - completed most everyday at the beginning of the class independently on Chromebook. Go to Google classroom and click the **GoFormative** link. It will bring you to something that looks like this:

1 True or False:
1 pt

$$\frac{5^6}{5^{-4}} = 5^2$$

True
 False

2
1 pt

$$\frac{3^7}{3^{-2}} = 3^9$$

True
 False

3
1 pt

$$\frac{2^3}{2^5} = \frac{1}{2^2}$$

True
 False

- **Weekly Reviews (15%)** - Given each week and you have a week to complete **10 problems**. Every other weekly will be completed on Chromebook using GoFormative (multiple choice). See me for help on any or all problems!

8th Grade Math

Name _____

Weekly Review # 1

Period _____ Due Date _____

SHOW ALL WORK!! NO WORK, NO CREDIT

<p>1. Express the following in exponential notation:</p> $\underbrace{(-13) \cdot \dots \cdot (-13)}_{35 \text{ times}} =$	<p>2. Will the product in question #1 be positive or negative? Explain.</p>
<p>3. Simplify the following numerical expression as much as possible. Let a and b be positive integers.</p> $23^a \cdot 23^b$	<p>4. Write as a simplified expression.</p> $(9^3)^6$

- **HW (20%)** - effort based - try each problem and show all work for full credit.

- **Quizzes(25%)** -

Given after every few lessons. You can do corrections for 1/2 credit back. See me to do corrections. Some quizzes may be given on Chromebook throughout the year.

- **Tests (35%)** - no corrections - come in for review before you take your tests! You will be given a review sheet to study from.

You are going to be busy...

- Do Now
- discussion with partner/class
- practice problems
- what did we learn?

7 Modules (units) to learn this year!

Suggestions to keep yourself organized:

Divide binder into sections:

1) Weekly Reviews

2) Notes/handouts

3) HW assignments (or have a separate folder for these)

4) quizzes/tests

Extra Help

Monday - Thursday: Lunch

Tuesday's and Thursday's - Both lunch and post session

When absent... Don't forget to

make up any missed work!

check calendar and work trays!

Check Mrs. Chadwick's website for

HW listing as well!

Mrs. Chadwick's web page:

- Go to school's web site,
- click on "teachers" tab,
- Find my name (alpha order)

Index Card

Your name:

Textbook #:

On reverse side: Getting to know you!

- 1) What is a fun fact about yourself.
- 2) What was the most fun thing you did this summer?
- 3) How did you do in math last year?

HW:

- 1) Get Welcome Back letter signed by parent/guardian.
- 2) Get supplies for class
