Dear Ms. Schwartz,

I am writing to you on behalf of the Valley Central PTA Council to request the privilege of again sponsoring Candidate’s Night. This evening provides the community an opportunity to meet the candidates for the school board, hear their positions on various issues, children and schools, and ask questions of them. As an organization dedicated to public involvement in education and as advocates for children, the PTA Council welcomes the opportunity to host Candidate’s Night as a public service to our community.

In anticipation of sponsoring this event, we have reserved the evening of Thursday, May 3rd, 2018 at 7:00 p.m. at Berea Elementary School. Would you please let the council know if you again endorse this PTA Council forum?

Thank you for your consideration regarding this matter.

Respectfully,

Linda Prezioso
President

Re: Split Session Schedule

Date: March 6, 2018

The New York State ELA assessment in grades 6-8 will be administered on April 11th and 12th. The mathematics assessment will be administered on May 1st and 2nd.

I am requesting that we be allowed to use an alternate schedule on these dates. The schedule that I am proposing is a split session schedule that will be set up as follows:

* All sixth and seventh grade students will be in attendance on these days from 8:19 – 10:30 to take their assessment.
* All eighth grade students will be in attendance from 11:30 – 1:52.
* Our sixth and seventh grade students will take their normal AM bus run to school, and a normal PM bus run home following the assessment (the normal middle school PM bus run will be moved from 2:50 to 10:30).
* Our eighth grade students will arrive at school at approximately 11:30 and will take the high school PM bus run home in the afternoon.

This schedule will allow us to utilize every room in the building, use every teacher as a proctor, eliminate distractions, and properly administer testing modification to our special education students. We have utilized this schedule in the past and it has helped to make the overall testing environment a positive one for the students.

Please feel free to contact me if you have any questions or concerns.
