

The Board of Education is committed to the following instructional goals:

1. to accept each child on his/her own merits and help him/her progress as far and as quickly as he/she is capable;
2. to develop the basic skills and create a desire to search and acquire knowledge;
3. to develop a wholesome respect for the rights, worth and dignity of every individual;
4. to create an awareness of the importance of basic ethical values;
5. to engender a loyalty to the principles of our democratic way of life;
6. to develop the individual's ability to think independently and to use this ability to solve problems;
7. to endow each student with an appreciation of our heritage so that he/she may enjoy a more abundant, purposeful, and meaningful life;
8. to help students develop good health attitudes, habits, and patterns;
9. to stress the importance of good manners;
10. to instill in each student the desire to seek and achieve excellence in every endeavor;
11. to create an attitude of respect towards parents, teachers, fellow students and the entire community; and
12. to help students select programs of study appropriate to their abilities and interests.
