

The Board of Education encourages public participation at Board meetings as a means of providing an opportunity for its constituents to express their concerns for the district. There will be a specific agenda item at each regular meeting of the Board to provide an opportunity to address the Board. There may be a specific agenda item at special meetings to provide an opportunity for the public to address the Board.

Visitors are welcome at Board meetings. It is the sincere desire of the Board that the residents and staff of the district have an awareness of decisions made by the Board and an opportunity to contribute any information pertinent to the making of such decisions.
