

I, the undersigned, agree to act responsibly and comply with all rules and regulations promulgated by the Valley Central Board of Education regarding the use of District computers and networked information resources (including the Internet).

- Students are only allowed to have access to District computers and/or networked information resources (including the Internet) under the direct and immediate charge of a supervising adult who must be present during the entire duration of the process. Uploads, downloads, file transfers, etc. must be approved by the supervising adults.*
- Students are only allowed to use District computers and/or networked information resources (including the Internet) for school-related research and/or communication.*
- Students must use the appropriate language and etiquette in electronic transmission and information searches and must not give out personal information and/or e-mail addresses unless approved by a supervising adult.*
- Use of computing facilities, networks, or other resources shall not be used to interfere with the work of other students and/or the educational process.*
- Any student who receives any communication that is inappropriate shall immediately bring the incident to the attention of the supervising teacher or administrator.*

Computers and all networking resources remain the exclusive property of the district; therefore, students have no reasonable expectation of privacy in anything created, stored, sent, received or accessed on District computers including but not limited to information on computer hard drives, e-mail messages, and on-line activities.

Any person who is determined to have used computers and/or networked information resources (including the Internet) inappropriately or who violates the District's Policies and its Regulations will have his/her use of school on-line privileges terminated. Further, such a breach may subject a user to disciplinary action consistent with the Student Code of Conduct, and state and federal law, and may result in the user being referred to appropriate law enforcement officials where the breach is suspected to be illegal.

This agreement must be signed by both student and parent/legal guardian.

Student User (Print) _____ *Grade* _____ *School* _____

Student User (Signature) _____ *Date* _____

I, the parent/legal guardian of the above-named student, have read the contents of this agreement, understand it, and agree to be bound by its terms and conditions.

Parent/Legal Guardian (Signature) _____ *Date* _____

This signed document must be filed with the Building Principal.
