OFFICE OF THE
ASSISTANT SUPERINTENDENT OF CURRICULUM

MARIANNE SERRATORE

June 2020

Dear Parents/Guardians:

Reading is a fundamental life skill that opens the door to knowledge at all levels. Learning to read is essential to achieving success in the educational process. Reading to learn is essential for the gathering of appropriate information and gaining understanding. The more we read the more necessary knowledge we gain for further reading and learning.

Our Elementary Summer Reading List provides a variety of selections. We believe that the suggestions provided on this list support our reading program and appropriate skill development.

We encourage parents to provide opportunities for your children to **access quality reading materials throughout the summer months. Any support that you can offer to your child's emerging literacy skills is very important.** Reading with your child without regard to his/her age is an excellent strategy to encourage a strong literacy foundation.

Please do not hesitate to call your child's teacher or principal if you have any questions about selections that are not on our list.

Have a great summer!

Sincerely,

Marianne Serratore
Assistant Superintendent
